

SOCIAL MEDIA GRAPHICS

FULL VISUAL STUDY MANUAL

Social Graphic System

Design for a communication goal, not decoration

Goal

Awareness, education, engagement or action

Audience

Who needs the message

Message

One clear primary idea

Visual

Image, type and brand system

Format

Feed, story, carousel or cover

Review

Accuracy, readability and export

Course Code	EDA-SMG-121
Level	Beginner to Intermediate
Duration	6 Weeks (19 Lessons)
Certificate	Professional Certificate in Social Media Graphics
Prerequisite	Graphic Design Fundamentals / Canva Graphic Design recommended
Learning Format	Guided Design Practicals + Multi-Format Social Campaign Project

Responsible design standard: use original, authorised or properly licensed assets; keep testimonials, partnerships, prices, dates and promotional claims accurate; protect private information; do not fabricate endorsements or misleading results.

Course Introduction

Social Media Graphics teaches learners to create clear, branded, mobile-first visual content for feed posts, stories, carousels, announcements and promotional campaigns. The course focuses on communication strategy, hierarchy, typography, colour, imagery, accessibility, reusable templates and professional export.

Learning Objectives

- Write a useful social graphic brief.
- Design for mobile-first platform formats.
- Apply hierarchy, grids, typography and colour.
- Use images and brand elements responsibly.
- Create feed, story and carousel graphics.
- Build reusable campaign templates.
- Apply accessibility and quality-control checks.
- Organise a content-production workflow.
- Complete a coordinated multi-format social campaign.

Course Structure

1. Lesson 1: Introduction to Social Media Graphics
2. Lesson 2: Audience, Goal and Content Brief
3. Lesson 3: Platform Formats and Mobile-First Design
4. Lesson 4: Visual Hierarchy for Social Posts
5. Lesson 5: Grids, Alignment and Whitespace
6. Lesson 6: Typography for Social Media
7. Lesson 7: Colour, Contrast and Brand Recognition
8. Lesson 8: Images, Cropping and Visual Direction
9. Lesson 9: Brand Elements, Icons and Graphic Motifs
10. Lesson 10: Designing Feed Posts
11. Lesson 11: Designing Stories and Vertical Graphics
12. Lesson 12: Designing Educational Carousels
13. Lesson 13: Quote, Testimonial and Announcement Graphics
14. Lesson 14: Promotional and Lead-Generation Graphics
15. Lesson 15: Campaign Systems and Template Design
16. Lesson 16: Accessibility and Inclusive Visual Design
17. Lesson 17: Export, Compression and Quality Control
18. Lesson 18: Content Calendar and Design Production Workflow
19. Lesson 19: Final Social Media Graphics Campaign

Lesson 1: Introduction to Social Media Graphics

Introduction

Social media graphics are visual communication assets designed for fast, mobile-first environments. Effective graphics combine a clear message, suitable format and consistent brand system.

Learning Objectives

- Explain the principles of introduction to social media graphics.
- Complete a guided practical for introduction to social media graphics.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Design begins with communication purpose.

Design principle: A social graphic should have one dominant message.

Design principle: Mobile viewing requires strong hierarchy and legibility.

Design principle: Brand consistency helps recognition across repeated posts.

Design principle: Use original, authorised or properly licensed images and graphics.

Figure 1: Original instructional visual for Introduction to Social Media Graphics.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply introduction to social media graphics to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

20. What is the main purpose of introduction to social media graphics?
21. State two professional practices from this lesson.
22. What readability, accuracy or copyright mistake should be avoided?
23. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 1 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 2: Audience, Goal and Content Brief

Introduction

A short design brief prevents random decoration by defining who the post is for and what it should achieve.

Learning Objectives

- Explain the principles of audience, goal and content brief.
- Complete a guided practical for audience, goal and content brief.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Audience affects language, imagery and complexity.

Design principle: Goals may include awareness, education, engagement or a legitimate call to action.

Design principle: A brief should identify platform, format, message and required information.

Design principle: Success criteria should match the communication goal.

Design principle: Claims and details must be accurate.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply audience, goal and content brief to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

24. What is the main purpose of audience, goal and content brief?
25. State two professional practices from this lesson.
26. What readability, accuracy or copyright mistake should be avoided?
27. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 2 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 3: Platform Formats and Mobile-First Design

Introduction

Different placements use different proportions and viewing behaviours, so layouts should be adapted rather than merely stretched.

Learning Objectives

- Explain the principles of platform formats and mobile-first design.
- Complete a guided practical for platform formats and mobile-first design.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Square, portrait and vertical formats serve different placements.

Design principle: Important content needs safe spacing from edges and interface areas.

Design principle: Text should remain readable on a phone.

Design principle: The same campaign can use different compositions while retaining identity.

Design principle: Always check current platform specifications before production publishing.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply platform formats and mobile-first design to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

28. What is the main purpose of platform formats and mobile-first design?
29. State two professional practices from this lesson.
30. What readability, accuracy or copyright mistake should be avoided?

31. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 3 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 4: Visual Hierarchy for Social Posts

Introduction

Hierarchy controls the order in which viewers notice information.

Learning Objectives

- Explain the principles of visual hierarchy for social posts.
- Complete a guided practical for visual hierarchy for social posts.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Size, weight, contrast and position create hierarchy.

Design principle: The headline normally carries the main idea.

Design principle: Supporting text should not compete with the headline.

Design principle: Whitespace improves separation and focus.

Design principle: A CTA should be visible but not overpower the message.

Figure 4: Original instructional visual for Visual Hierarchy for Social Posts.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply visual hierarchy for social posts to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

32. What is the main purpose of visual hierarchy for social posts?
33. State two professional practices from this lesson.
34. What readability, accuracy or copyright mistake should be avoided?
35. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 4 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 5: Grids, Alignment and Whitespace

Introduction

Structured spacing makes fast-moving social content easier to understand.

Learning Objectives

- Explain the principles of grids, alignment and whitespace.
- Complete a guided practical for grids, alignment and whitespace.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Margins create breathing room.

Design principle: Alignment connects related elements.

Design principle: Grids improve consistency across a campaign.

Design principle: Whitespace is active design space, not wasted space.

Design principle: Crowded layouts reduce comprehension.

Figure 5: Original instructional visual for Grids, Alignment and Whitespace.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply grids, alignment and whitespace to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

36. What is the main purpose of grids, alignment and whitespace?
37. State two professional practices from this lesson.
38. What readability, accuracy or copyright mistake should be avoided?
39. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 5 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 6: Typography for Social Media

Introduction

Social typography must remain clear at small sizes and under quick viewing conditions.

Learning Objectives

- Explain the principles of typography for social media.
- Complete a guided practical for typography for social media.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Use a limited number of type styles.

Design principle: Headline length should be controlled.

Design principle: Body copy on graphics should be minimal when possible.

Design principle: Contrast and spacing affect readability.

Design principle: Use properly licensed fonts.

Figure 6: Original instructional visual for Typography for Social Media.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply typography for social media to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

40. What is the main purpose of typography for social media?
41. State two professional practices from this lesson.
42. What readability, accuracy or copyright mistake should be avoided?
43. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 6 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 7: Colour, Contrast and Brand Recognition

Introduction

Colour should support recognition and readability rather than function as decoration alone.

Learning Objectives

- Explain the principles of colour, contrast and brand recognition.
- Complete a guided practical for colour, contrast and brand recognition.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Assign clear roles to primary, secondary, accent and neutral colours.

Design principle: Contrast must support readable text.

Design principle: Accent colours should be selective.

Design principle: Related posts should feel like one visual family.

Design principle: Test important designs on both bright and dim screens when practical.

Figure 7: Original instructional visual for Colour, Contrast and Brand Recognition.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply colour, contrast and brand recognition to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

44. What is the main purpose of colour, contrast and brand recognition?
45. State two professional practices from this lesson.
46. What readability, accuracy or copyright mistake should be avoided?
47. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 7 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 8: Images, Cropping and Visual Direction

Introduction

Images should strengthen the message and represent people, products or events truthfully.

Learning Objectives

- Explain the principles of images, cropping and visual direction.
- Complete a guided practical for images, cropping and visual direction.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Choose relevant authorised images.

Design principle: Crop around the communication focal point.

Design principle: Avoid covering important faces or information with text.

Design principle: Overlays can improve text contrast when used carefully.

Design principle: Do not use imagery to fabricate partnerships, attendance, results or endorsements.

Figure 8: Original instructional visual for Images, Cropping and Visual Direction.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply images, cropping and visual direction to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

48. What is the main purpose of images, cropping and visual direction?
49. State two professional practices from this lesson.
50. What readability, accuracy or copyright mistake should be avoided?
51. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 8 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 9: Brand Elements, Icons and Graphic Motifs

Introduction

Reusable brand devices can make a campaign recognisable even when subjects change.

Learning Objectives

- Explain the principles of brand elements, icons and graphic motifs.
- Complete a guided practical for brand elements, icons and graphic motifs.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Use approved logo versions.

Design principle: Repeat a consistent shape, frame, line or icon style.

Design principle: Icons should share a visual language.

Design principle: Brand elements should support rather than dominate content.

Design principle: Avoid copying another brand's distinctive visual system.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply brand elements, icons and graphic motifs to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

52. What is the main purpose of brand elements, icons and graphic motifs?
53. State two professional practices from this lesson.
54. What readability, accuracy or copyright mistake should be avoided?
55. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 9 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 10: Designing Feed Posts

Introduction

Feed graphics should communicate quickly while fitting the broader visual identity.

Learning Objectives

- Explain the principles of designing feed posts.
- Complete a guided practical for designing feed posts.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Lead with one clear message.

Design principle: Use a strong focal point.

Design principle: Keep supporting details concise.

Design principle: Place branding consistently.

Design principle: Review spelling, dates, prices and CTA before export.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing feed posts to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

56. What is the main purpose of designing feed posts?
57. State two professional practices from this lesson.
58. What readability, accuracy or copyright mistake should be avoided?
59. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 10 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 11: Designing Stories and Vertical Graphics

Introduction

Vertical graphics use the full mobile screen and need careful safe-area planning.

Learning Objectives

- Explain the principles of designing stories and vertical graphics.
- Complete a guided practical for designing stories and vertical graphics.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Use a clear top-to-bottom reading flow.

Design principle: Keep key text away from likely interface controls.

Design principle: Use large readable type.

Design principle: Break complex information into multiple frames.

Design principle: Maintain brand recognition without overcrowding.

Figure 11: Original instructional visual for Designing Stories and Vertical Graphics.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing stories and vertical graphics to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

60. What is the main purpose of designing stories and vertical graphics?
61. State two professional practices from this lesson.
62. What readability, accuracy or copyright mistake should be avoided?
63. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 11 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 12: Designing Educational Carousels

Introduction

Carousels allow a topic to unfold across several connected slides.

Learning Objectives

- Explain the principles of designing educational carousels.
- Complete a guided practical for designing educational carousels.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: The cover should clearly promise the topic or value.

Design principle: Each slide should communicate one main point.

Design principle: Slide-to-slide visual consistency supports flow.

Design principle: Progress indicators can help orientation.

Design principle: The final slide can summarise and provide a relevant CTA.

Figure 12: Original instructional visual for Designing Educational Carousels.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply designing educational carousels to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

64. What is the main purpose of designing educational carousels?
65. State two professional practices from this lesson.
66. What readability, accuracy or copyright mistake should be avoided?
67. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 12 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 13: Quote, Testimonial and Announcement Graphics

Introduction

These formats require careful handling of attribution, truthfulness and information hierarchy.

Learning Objectives

- Explain the principles of quote, testimonial and announcement graphics.
- Complete a guided practical for quote, testimonial and announcement graphics.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Quotes should be accurately attributed when attribution is used.

Design principle: Testimonials should be genuine and authorised.

Design principle: Announcements need clear dates and logistics.

Design principle: Do not invent reviews, results or endorsements.

Design principle: Use typography to distinguish quotation, speaker and context.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply quote, testimonial and announcement graphics to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

68. What is the main purpose of quote, testimonial and announcement graphics?
69. State two professional practices from this lesson.
70. What readability, accuracy or copyright mistake should be avoided?
71. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 13 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 14: Promotional and Lead-Generation Graphics

Introduction

Promotional graphics should communicate value clearly without manipulative or misleading claims.

Learning Objectives

- Explain the principles of promotional and lead-generation graphics.
- Complete a guided practical for promotional and lead-generation graphics.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: State the offer or benefit accurately.

Design principle: Use a specific legitimate CTA.

Design principle: Include essential conditions where relevant.

Design principle: Avoid fake urgency or fabricated scarcity.

Design principle: Contact and registration details must be correct.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply promotional and lead-generation graphics to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

72. What is the main purpose of promotional and lead-generation graphics?
73. State two professional practices from this lesson.
74. What readability, accuracy or copyright mistake should be avoided?
75. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 14 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 15: Campaign Systems and Template Design

Introduction

Templates improve consistency and production speed when they remain flexible enough for different messages.

Learning Objectives

- Explain the principles of campaign systems and template design.
- Complete a guided practical for campaign systems and template design.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Templates should define margins, type roles and brand elements.

Design principle: Create variants for common content types.

Design principle: Locked or protected brand elements can reduce accidental inconsistency.

Design principle: Templates should not force every message into the same visual weight.

Design principle: Review templates periodically as content needs evolve.

Figure 15: Original instructional visual for Campaign Systems and Template Design.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply campaign systems and template design to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

76. What is the main purpose of campaign systems and template design?
77. State two professional practices from this lesson.
78. What readability, accuracy or copyright mistake should be avoided?
79. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 15 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 16: Accessibility and Inclusive Visual Design

Introduction

Accessible graphics help more people perceive and understand the message.

Learning Objectives

- Explain the principles of accessibility and inclusive visual design.
- Complete a guided practical for accessibility and inclusive visual design.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Use sufficient colour contrast.

Design principle: Keep text large enough for mobile reading.

Design principle: Avoid conveying essential meaning through colour alone.

Design principle: Use plain language where possible.

Design principle: Add useful alt text or equivalent descriptions where the platform supports it.

Figure 16: Original instructional visual for Accessibility and Inclusive Visual Design.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply accessibility and inclusive visual design to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

80. What is the main purpose of accessibility and inclusive visual design?
81. State two professional practices from this lesson.
82. What readability, accuracy or copyright mistake should be avoided?
83. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 16 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 17: Export, Compression and Quality Control

Introduction

A professional workflow includes checking the final exported asset, not only the editable canvas.

Learning Objectives

- Explain the principles of export, compression and quality control.
- Complete a guided practical for export, compression and quality control.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Keep an editable master.

Design principle: Choose dimensions for the intended placement.

Design principle: Use PNG or JPG according to content needs; motion assets require suitable video formats.

Design principle: Avoid unnecessary compression that damages text and graphics.

Design principle: Inspect the exported asset on a phone-sized display.

Figure 17: Original instructional visual for Export, Compression and Quality Control.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply export, compression and quality control to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

84. What is the main purpose of export, compression and quality control?
85. State two professional practices from this lesson.
86. What readability, accuracy or copyright mistake should be avoided?
87. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 17 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 18: Content Calendar and Design Production Workflow

Introduction

Design work becomes more reliable when it is connected to an organised content-production process.

Learning Objectives

- Explain the principles of content calendar and design production workflow.
- Complete a guided practical for content calendar and design production workflow.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: A calendar connects topic, format, deadline and status.

Design principle: Batching can improve consistency.

Design principle: File naming should identify campaign and version.

Design principle: Approval status should be clear.

Design principle: Archive approved exports separately from working files.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply content calendar and design production workflow to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

88. What is the main purpose of content calendar and design production workflow?
89. State two professional practices from this lesson.
90. What readability, accuracy or copyright mistake should be avoided?
91. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 18 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Lesson 19: Final Social Media Graphics Campaign

Introduction

The capstone combines strategy, brand consistency and multi-format design into one coordinated campaign.

Learning Objectives

- Explain the principles of final social media graphics campaign.
- Complete a guided practical for final social media graphics campaign.
- Apply the skill to an Ethan Digital Academy communication task.

Teaching Content

Design principle: Begin with a clear campaign brief.

Design principle: Create a reusable visual system.

Design principle: Produce feed, carousel and vertical assets.

Design principle: Check accessibility, accuracy and brand consistency.

Design principle: Submit editable masters, exports and a rationale.

Figure 19: Original instructional visual for Final Social Media Graphics Campaign.

Step-by-Step Guided Practical

1. Write a one-sentence communication goal and identify the audience.
2. Create a rough layout before styling.
3. Apply the lesson principle using original or authorised content.
4. Check readability at phone-sized viewing.
5. Review accuracy, brand consistency and export readiness.

Ethan Digital Academy Case Study

Ethan Digital Academy can apply final social media graphics campaign to course announcements, learning tips and campaign materials while keeping a consistent professional identity.

Review Questions

92. What is the main purpose of final social media graphics campaign?
93. State two professional practices from this lesson.
94. What readability, accuracy or copyright mistake should be avoided?
95. How would you apply this lesson to an Ethan Digital Academy post?

Assignment

Complete a Lesson 19 social-graphic exercise. Submit the editable design or instructor-approved evidence, the exported preview and a short rationale explaining audience, hierarchy and brand choices.

Final Social Media Graphics Campaign - 100 Marks

Component	Marks	Requirement
Campaign brief	10	Goal, audience, message and platforms.
Visual system	15	Consistent type, colour, spacing and brand devices.
Feed post	15	Clear mobile-first primary graphic.
Carousel	20	Coherent educational multi-slide sequence.
Story/vertical asset	15	Effective vertical adaptation.
Accessibility & accuracy	10	Readable, truthful and inclusive content.
Export & organisation	5	Correct files and organised masters.
Rationale	10	Explains design and communication decisions.

Final Examination - 100 Marks

Section A - Strategy and Formats (20 marks)

Explain audience, goals, briefs, platform formats and mobile-first design.

Section B - Visual Design (20 marks)

Explain hierarchy, grids, typography, colour, imagery and brand elements.

Section C - Social Content Formats (20 marks)

Plan feed, story, carousel, testimonial and promotional graphics.

Section D - Systems and Accessibility (20 marks)

Explain templates, campaign consistency, accessibility and quality control.

Section E - Workflow and Campaign Project (20 marks)

Plan a content-calendar workflow and coordinated multi-format campaign for Ethan Digital Academy.

Course Completion Outcome

After successful completion, the learner should be able to plan and create clear, branded, mobile-first social media graphics; apply hierarchy, grids, typography, colour and image direction; produce feed, story and carousel formats; build reusable campaign templates; apply accessibility and accuracy checks; export suitable final assets; and organise a professional social design workflow.

Professional Practice Checklist

- Begin every graphic with a goal and audience.
- Keep one clear primary message.
- Design for phone-sized viewing.
- Use authorised images and licensed design assets.
- Keep dates, prices, testimonials and claims accurate.
- Use consistent brand typography and colour.
- Check contrast and accessibility.
- Inspect the exported file before publishing.
- Keep editable masters and approved exports organised.
